ALEX
PROFESSIONAL AUTOGAS INSTALLATIONS

QUALITY POLICY

ALEX SP. Z O.O. SPECIALIZES IN THE PRODUCTION OF CAR GAS INSTALLATIONS. PRODUCTION IS CARRIED OUT BASED ON OUR OWN INNOVATIVE SOLUTIONS.

The key objective of the Company is to increase the innovativeness of the LPG/CNG systems produced, to contribute to climate and environmental protection, to increase customer satisfaction and trust, and to enable them to improve their quality of life and reduce living costs.

The Company's aspiration is to diversify its activities by providing services in the field of:

- machining on high-class CNC machines,
- molding plastics using the injection method on machines from renowned manufacturers.

TAKING INTO ACCOUNT THE SPECIFICITY OF OUR ACTIVITIES AND AIMINGS, WE DECLARE

- maintaining and improving the Management System in accordance with ISO 9001,
- meeting the legal and technical requirements applicable in the gas installation industry,
- systematic examination of the needs, requirements and expectations of customers,
- response to market conditions through continuous adaptation of processes,
- original and reliable solutions in the field of mechanical and mechatronic elements of LPG/CNG installations,
- raising employee awareness in order to provide the highest quality products and services,
- production and services based on modern machinery from the world's leading manufacturers,
- continuous improvement of the level of qualifications of the staff.

The President of the Management Board of ALEX Sp. z o.o., by conducting periodic reviews of the functioning of the Management System, verifies the Quality Policy, adapting it to changing conditions.

The Quality Policy is known to all employees of **ALEX Sp. z o.o.** and communicated to all interested parties.

The President of the Management Board and employees declare continuous improvement of the effectiveness of the management system and fulfillment of the requirements within the Quality Management System compliant with the **PN-EN ISO 9001:2015 standard**.
